Outcomes from the RMA process can strengthen and ensure that this voice, and Ngāti Tukorehe participation in the Ō2NL Project, are embedded in Project outcomes, bringing benefits to our people and to the whole community.
 - 6.2 Ngāti Tukorehe wish to ensure that Conditions attached to the Designation and resource consents appropriately provide for this outcome and that they embed and strengthen Hapū involvement, while recognising and providing for our cultural values, our relationships with our ancestral lands, water, waahi tapu, and other taonga, for our kaitiakitanga responsibilities, and our Mana.
7. Ngāti Tukorehe consider that the draft Conditions as they currently stand at the time of lodging its submission, do not yet appropriately reflect the outcomes sought by Ngāti Raukawa ki te Tonga iwi. Ngāti Tukorehe seek that both the Designation and Resource Consent Conditions are amended to:
 - 7.1. Recognise and provide for our cultural values, our relationships with our ancestral lands, water, waahi tapu, and other taonga, for our kaitiakitanga responsibilities, and our Mana.

- 7.5. Address any other matter of relevance to Ngāti Tukorehe that may arise through the RMA process.
