

**IN THE ENVIRONMENT COURT
AT WELLINGTON**

**I TE KŌTI TAIAO O AOTEAROA
KI TE WHANGANUI-A-TARA**

IN THE MATTER of a direct referral of applications for resource consents and notices of requirement under sections 87G and 198E of the Resource Management Act 1991 for the Ōtaki to North of Levin Project

BY NEW ZEALAND TRANSPORT
AGENCY-WAKA KOTAHI

(ENV-2023-WLG-000005)

Applicant

MINUTE OF THE ENVIRONMENT COURT

(29 September 2023)

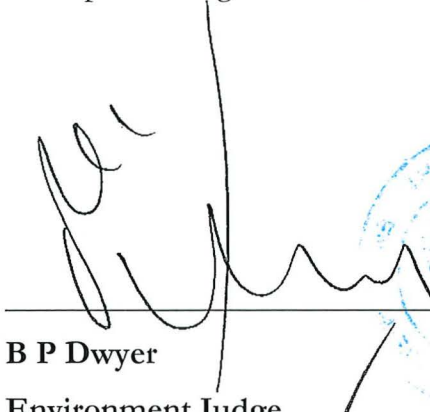

[1] The Court acknowledges receipt of the memorandum of Waka Kotahi (WK) dated 29 September 2023 containing a proposed site visit itinerary.

[2] The proposed itinerary generally appears acceptable to the Court including the proposal for a WK guide as set out in paras 10 and 11 of the memorandum. The site visit maps contained in Appendix B do not appear to show the proximity/relationship of the itinerary route and the proposed road. I assume that we will be provided with information in that regard at the commencement of the site visit.

[3] Approval of the proposed itinerary will be subject to consideration of comments that any other party may make at the pre-hearing conference to be held on 9 October 2023. If there are any requests that any party may have in respect of the site visit that

are not presently or adequately addressed in the proposed itinerary it would be helpful if those could be identified by email to the Court by 5.00 p.m on Wednesday 4 October 2023 to give WK adequate time to consider and respond to those requests at the pre-hearing conference.

B P Dwyer
Environment Judge
