**MINUTE OF THE ENVIRONMENT COURT**

**(16 OCTOBER 2023)**

---

[1] A member of the Court has contracted covid so our site visit will be unable to proceed on Wednesday 18<sup>th</sup> October. We would be grateful if Waka Kotahi could take the lead in advising those people who are involved in site visit arrangements.

[2] We will not fix a new date at this time and will adhere to the present hearing schedule so as not to disrupt participants' plans in that regard. We will make a decision on site visit date as we progress through the hearing. In a worst case scenario we anticipate being able to complete the site visit during the week of 30 October.
