Solicitor: CP Thomsen / CH Luisetti

TO: The Registrar
Environment Court
Auckland

1. Beef+Lamb New Zealand Ltd (B+LNZ) wishes to be a party to the following proceedings:

Hamilton City Council v Waikato Regional Council
ENV-2020-AKL-000091

2. B+LNZ made a submission about the subject matter of the proceedings.
3. B+LNZ has an interest in the proceedings that is greater than the interest that the general public has because:
 - (a) The proceedings seek relief that will impact on the natural and physical resources of the region.
 - (b) B+LNZ is a representative body that promotes sustainable farming practices and develops and implements programmes aimed at improving farming systems.
 - (c) The Appeal may impact farmers who B+LNZ represent and who rely on natural and physical resources to provide for their health and well-being.
4. B+LNZ is not a trade competitor for the purposes of s 308C or 308A Resource Management Act 1991.
5. B+LNZ is interested in part of the proceedings.
6. B+LNZ is interested in the following particular issues:
 - (a) The effect any relief sought will have upon the objective and policy framework and supporting rules and schedules that provide for low intensity farming.
 - (b) Sub-catchment planning.
7. B+LNZ conditionally opposes the relief sought because:

- (a) B+LNZ supports the findings of the Respondent that the Decisions Version of PC1 provides for restoration and protection of the Waikato and Waipā Rivers and their tributaries, subject to the relief sought in its appeal.
- (b) B+LNZ is a farmer-owned, industry organisation that represents New Zealand's sheep and beef farmers, funded through a levy paid by all beef and sheep meat producers under the Commodity Levies Act 1990.
- (c) The relief sought may have consequential effects on the approach in PC1 to low-intensity and other farming activities.
- (d) PC1's approach to enabling low-intensity farming activities, including extensive drystock farms, and providing for flexibility (including use of Farm Environment Plans) enables people and communities to provide for their wellbeing while at the same time recognising the Awa are degraded and ensuring that there is no further degradation, alongside a pathway for improvement in the short and long term.
- (e) To the extent any relief sought by the Appellant amends PC1 by replacing, altering or removing the objective and policy framework and supporting rules and schedules that provide for low intensity farming that relief is opposed.

- 8. B+LNZ is otherwise neutral on the relief sought.
- 9. B+LNZ agrees to participate in mediation or other alternative dispute resolution of the proceedings.

CP Thomsen
Counsel for s 274 party
Beef+Lamb New Zealand Ltd
29 September 2020
